

On page 15, after the last line, insert the following:

**BRIEF DESCRIPTION OF THE DRAWINGS**

Figure 1 is a photograph of the microcomposite powder obtained in Example 1 before pressing.

Figure 2 is a photograph of the microcomposite powder obtained in Example 2 before pressing.

Figure 3 is, on the top, a photograph of the microcomposite powder obtained in Example 3 before pressing and, on the bottom, an enlarged photograph of a portion of the surface of a graphite particle coated with PVDF particles and carbon black aggregates.

Figure 4 is, on the top, a photograph of the microcomposite powder obtained in Example 4 before pressing and, on the bottom, an enlarged photograph of the surface of a graphite particle with PVDF particles and PEG filaments precipitated during atomization.
